

partake of the scenic vistas, which will be enhanced by this bill. As was stated, this bill, as passed by the 109th session of Congress and as considered today, enjoys the support of both Republicans and Democrats and does have a companion bill that has been introduced in the United States Senate.

I ask for your support of this particular bill.

Madam Speaker, I actually have no additional speakers, and I yield back the balance of my time.

Mr. GRIJALVA. Madam Speaker, we have no additional speakers, and we yield back the balance of our time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Arizona (Mr. GRIJALVA) that the House suspend the rules and pass the bill, H.R. 838.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

ARTHUR V. WATKINS DAM ENLARGEMENT ACT

Mr. GRIJALVA. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 839) to authorize the Secretary of the Interior to study the feasibility of enlarging the Arthur V. Watkins Dam Weber Basin Project, Utah, to provide additional water for the Weber Basin Project to fulfill the purposes for which that project was authorized.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 839

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Arthur V. Watkins Dam Enlargement Act".

SEC. 2. FINDINGS.

Congress finds the following:

(1) Arthur V. Watkins Dam is a feature of the Weber Basin Project, which was authorized by law on August 29, 1949.

(2) Increasing the height of Arthur V. Watkins Dam and construction of pertinent facilities may provide additional storage capacity for the development of additional water supply for the Weber Basin Project for uses of municipal and industrial water supply, flood control, fish and wildlife, and recreation.

SEC. 3. AUTHORIZATION OF FEASIBILITY STUDY.

The Secretary of the Interior, acting through the Bureau of Reclamation, is authorized to conduct a feasibility study on raising the height of Arthur V. Watkins Dam for the development of additional storage to meet water supply needs within the Weber Basin Project area and the Wasatch Front. The feasibility study shall include such environmental evaluation as required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and a cost allocation as required under the Reclamation Project Act of 1939 (43 U.S.C. 485 et seq.).

SEC. 4. COST SHARES.

(a) FEDERAL SHARE.—The Federal share of the costs of the study authorized in section 3 shall not exceed 50 percent of the total cost of the study.

(b) IN-KIND CONTRIBUTIONS.—The Secretary shall accept, as appropriate, in-kind contributions of goods or services from the Weber Basin Water Conservancy District. Such goods and services accepted under this section shall be counted as part of the non-Federal cost share for the study.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There is authorized to be appropriated to the Secretary \$1,000,000 for the Federal cost share of the study authorized in section 3.

SEC. 6. SUNSET.

The authority of the Secretary to carry out any provisions of this Act shall terminate 10 years after the date of the enactment of this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Arizona (Mr. GRIJALVA) and the gentleman from Utah (Mr. BISHOP) each will control 20 minutes.

The Chair recognizes the gentleman from Arizona.

GENERAL LEAVE

Mr. GRIJALVA. Madam Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Arizona?

There was no objection.

Mr. GRIJALVA. Madam Speaker, I yield myself such time as I may consume.

H.R. 839, introduced by our colleague, Representative ROB BISHOP of Utah, would authorize the Secretary of the Interior to study the feasibility of enlarging the Arthur V. Watkins Dam. The dam is one of the main features of the Bureau of Reclamation's Weber Basin Project located along the shore of the Great Salt Lake near Ogden, Utah.

□ 1445

Recent drought and a growing population in Utah have highlighted water supply needs in the area. The feasibility study authorized by this legislation will help local water agencies and the Bureau of Reclamation to decide whether we should consider raising the dam to improve water storage capacity.

In the 109th Congress, the Subcommittee on Water and Power held hearings on similar legislation. That legislation was subsequently reported by the committee and passed by the House.

We have no objection to this legislation and urge its passage.

Madam Speaker, I reserve the balance of my time.

Mr. BISHOP of Utah. Madam Speaker, I yield myself such time as I may consume.

I rise in support of H.R. 839. The Bureau of Reclamation's Weber Basin Project, which is located in northern Utah only a short distance from the historic Brigham City, stores and delivers water from the Weber River into its tributaries.

The Arthur V. Watkins Dam, which is part of the Weber Basin Project, is

part of an off-stream reservoir on the northeastern edge of the Great Salt Lake. It is formed by a roughly rectangular perimeter dam that is about 14.5 miles long. Water from the Weber River near its outlet to the Great Salt Lake is diverted into the reservoir by the Willard Canal and pumped from the reservoir by that same canal for multiple purposes. In addition to providing water supply, the reservoir is a popular recreation facility.

Recent drought and a growing population of Utah have highlighted the need for additional water storage. As a result, the Weber Basin Water Conservancy District, a water user which manages the Arthur V. Watkins Dam and Reservoir, desires the Bureau of Reclamation's assistance in determining the feasibility of adding water storage capacity to the reservoir.

H.R. 839 authorizes such assistance. This bill passed in the 109th Congress by voice vote. I again ask for your support.

Madam Speaker, I yield back the balance of my time.

Mr. GRIJALVA. Madam Speaker, I yield back the balance of our time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Arizona (Mr. GRIJALVA) that the House suspend the rules and pass the bill, H.R. 839.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. GRIJALVA. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this question will be postponed.

MARINE MAMMAL RESCUE ASSISTANCE AMENDMENTS OF 2007

Mr. GRIJALVA. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 1006) to amend the provisions of law relating to the John H. Prescott Marine Mammal Rescue Assistance Grant Program, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 1006

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Marine Mammal Rescue Assistance Amendments of 2007".

SEC. 2. STRANDING AND ENTANGLEMENT RESPONSE.

(a) COLLECTION AND UPDATING OF INFORMATION.—Section 402(b)(1)(A) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1421a(b)(1)(A)) is amended by inserting "or entangled" after "stranded".

(b) ENTANGLEMENT RESPONSE AGREEMENTS.—

(1) IN GENERAL.—Section 403 of such Act (16 U.S.C. 1421b) is amended—

(A) by amending the section heading to read as follows:
